- May 23rd Last Day of School

Other Notes

Thank you for taking the time to discuss your child's progress at our conference. We are so thankful to have such supportive parents and sweet students who have shown so much growth! Thank you for your help with DEAR. Students learned that reading helps them grow, learn, and is quite fun! Please continue reading to your child, as it plays an important role in later reading success. Students are beginning to hear rhyming words in books, and they love making up silly rhymes too! How we love Dr. Seuss!

In April, we will really dive into Spring by learning about the life cycles of the butterfly and the flower, we will learn about Earth Day and what we can do to take care of our Mother Earth! We will also watch in real time what we have learned when we plant our seeds. We will pack our bags and travel to Australia this month. This is such a fun time! We will have many opportunities to be creative during our art projects and in group activities.
